PRECIOUS ORGANIC SKINCARE

THE TIMELESS ESSENCE
SUPERIOR ORGANIC RARE LYMPH

LIFTING/ANTI-AGING/DECONGESTANTING/SOOTHING
NORMAL/SENSIBLE SKIN

SUPERIOR ORGANIC RARE LYMPH is a precious lymph that restores pure and timeless beauty to the skin, a 100% active concentrate that gives an immediate lifting effect. Extraordinary and sublime combination of natural and organic active ingredients, a multi-functional anti-aging serum that brings firmness to the skin and reverses the signs of aging, ensuring a smooth and luminous skin after a few days of application.

Pure Green Tea and Chamomile Waters act against oxidation caused by free radicals and have a decongestant and soothing effect.

Cornflower Extract, Green Pea Peptides and Dextrins give a lifting effect to the skin, reducing wrinkles and expression lines for a regenerated and rejuvenated look.

Porphyra Umbilicalis, red algae rich in proteins, A, B and C vitamins, minerals, omega 3 fatty acids (EPA and DHA) and Mycosporine-like amino acid, performs an intense anti-aging activity and prevents dark spots.

Gardenia Florida Extract, a plant of Asian origin, a powerful antioxidant that acts topically by supporting the production of collagen with a consequent improvement in skin elasticity.

Genistein, isoflavone derived from soy, promotes the biosynthesis of collagen, protects the skin from UV radiation which can accelerate cellular aging process.

HOW TO USE: morning and evening after cleansing, apply a small amount of product to the face. Tap with your fingertips from nasolabial area outwards. Repeat on the neck with bottom to top movements.

Complete the treatment with SUPERIOR ORGANIC ANTI-AGING CREAM.

ADVANTAGES

LIFTING action thanks to

- CORNFLOWER EXTRACT*
- GREEN PEA PEPTIDES
- DEXTRINS

ANTI-AGING action thanks to:

- ISOFLAVONES DERIVED FROM SOY
- GREEN TEA PURE WATER*
- PORPHYRA UMBILICALIS
- GARDENIA FLORIDA EXTRACT

DECONGESTANTING ed

SOOTHING action thanks to:

- CHAMOMILE PURE WATER*
- OAT EXTRACT*
